

# Art Groove 2019

## “The Art of Photography ~ Old Becomes New”

with Abbey Chamberlain, CPP

Abbey uses Photoshop to transform photographs into Plein Air style images. She will teach us how to modify our photos with the beauty of a brush stroke, color saturation, soft edges and glorious tones. She will open a whole new world of creativity to her students.

### **Material/Equipment List:**

- Your laptop with CC or CS6; or a week before class, download a free trial of CC (it works offline)
- A Power-strip and/or 3-prong extension cord
- A fresh Thumb-drive
- Your Wacom Tablet if you have one
- Your camera gear (and manual) or cell phone
- Card reader or USB cable for downloading files
- Note taking materials
- Prepare a folder of 30-100 images to work on; plus a 12-image folder of your Best for our intro show

Bring Your Creativity!!
